Apply Stickers

Tap the clip you want to apply a sticker to.
Tap the "Star icon", then tap the "sticker icon". Tap a sticker, then tap the "x". Resize and reposition the sticker by tapping on it and adjusting it using your fingers.

Apply Posters

Tap the "image icon", and select Posters. Choose a poster, change the text. Insert it into your video by pressing and holding the red record button. NOTE: if the poster has animation, hold record button until complete.

Editing Clips

Tap the clip to select it.

You can refine your video by trimming clips to change which part of a clip is shown. You can also split clips and turn off a clip's sound.

After you select a clip in your video, swipe left and right to view tools you can use to edit the clip. You can also move clips in timeline by pressing and holding clip until selected, then "lifting" from timeline and moving to desired location.

To export movie:

Tap on Share Icon
Select: Save Video

Clips exported as videos can be accessed from the Photo app.
